#### Summary

As used in this prospectus, unless the context otherwise requires, "we", "us", "our" or "Berry Only" refers to Berry Only Inc. All dollar amounts in this prospectus are in U.S. dollars unless otherwise stated. The following summary is not complete and does not contain all of the information that may be important to you. You should read the entire prospectus before making an investment decision to purchase our common shares.

#### Berry Only Inc.

Berry Only Inc. was incorporated in the State of Nevada as a development stage company corporation which recently signed a milestone agreement with the U.S. manufacturer of Wireless Wipes<sup>TM</sup> to acquire the exclusive rights to distribute the product in Canada. Wireless Wipes<sup>TM</sup> is a new, unique, first to market, revolutionary sanitizer designed specifically to clean mobile phones, PDA's (personal digital assistants) and laptop computer screens. They are fast drying to prevent moisture damage, non-streaking and non-corrosive with a pleasant green tea-cucumber scent. Wireless Wipes<sup>TM</sup> are packaged in 10-count re-sealable pouches which can fit neatly in a shirt or jacket pocket. We are still in our development stage and plan on commencing business operations in winter 2010.

We have not earned any revenues to date. We do not anticipate earning revenues until such time as we have completed our website and are able to accept orders. As of June 30, 2010, we had \$44,561 cash on hand and \$652 liabilities. Accordingly our working capital position as of June 30, 2010 was \$43,909. Since our inception through June 30, 2010, we have incurred a net loss of \$5,582. We attribute our net loss to having no revenues to offset our expenses and the professional fees related to the creation and operation of our business.

Our fiscal year ended is June 30.

We were incorporated on June 24, 2009 under the laws of the State of Nevada. Our principal offices are located at 722B Kingston Rd, Toronto, Ontario, Canada. Our telephone number is (647) 283-3152.

### The Offering

Securities BeingUp to 2,950,000 shares of our common stock.OfferedOffering PriceThe offering price of the common stock is \$0.01

The offering price of the common stock is \$0.01 per share. We intend to apply to the NASD Over-the-Counter Bulletin Board electronic quotation service to allow the trading of our common stock upon our becoming a reporting entity under the Securities Exchange Act of 1934. If our common stock becomes so traded and a market for the stock develops, the actual price of stock will be determined by prevailing market prices at the time of sale or by private transaction negotiated by the selling shareholders. The offering price would thus be determined by market factors and the independent decisions of the selling shareholders.

Minimum Number of Shares To Be Sold in This Offering	None
Securities Issued and to be Issued	5,950,000 shares of our common stock are issued and outstanding as of the date of this prospectus. All of the common stock to be sold under this prospectus will be sold by existing shareholders and thus there will be no increase in our issued and outstanding shares as a result of this offering. The issuance to the selling shareholders was exempt due to the provisions of Regulation S.

Use of Proceeds

We will not receive any proceeds from the sale of the common stock by the selling shareholders.

# **Risk Factors**

An investment in our common stock involves a high degree of risk. You should carefully consider the risks described below and the other information in this prospectus before investing in our common stock. If any of the following risks occur, our business, operating results and financial condition could be seriously harmed. The trading price of our common stock, when and if we trade at a later date, could decline due to any of these risks, and you may lose all or part of your investment.

# **Risks Related To Our Financial Condition and Business Model**

# If we do not obtain additional financing, we will not be able to conduct our business operations to the extent that we become profitable.

Our current operating funds will cover the initial stages of our business plan; however, we currently do not have any operations and we have no income. Because of this and the fact that we will incur significant legal and accounting

costs necessary to maintain a public corporation, we will require additional financing to complete our development activities. We currently do not have any arrangements for financing and we may not be able to obtain financing when required. We believe the only source of funds that would be realistic is through a loan from our president and the sale of equity capital.

# Our Independent Auditor has indicated that he has substantial doubt about our ability to continue as a going concern, if true, you could lose your investment.

John Kinross-Kennedy, C.P.A., our independent auditor, has expressed substantial doubt about our ability to continue as a going concern given our lack of operating history and the fact to date have had no revenues. Potential investors should be aware that there are difficulties associated with being a new venture, and the high rate of failure associated with this fact. We have incurred a net loss of \$5,582 for the period from June 24, 2009 (inception) to June 30, 2010 and have had no revenues to date. Our future is dependent upon our ability to obtain financing and upon future profitable operations from our website. These factors raise substantial doubt that we will be able to continue as a going concern.

Our financial statements included with this prospectus have been prepared assuming that we will continue as a going concern. Our auditor has made reference to the substantial doubt as to our ability to continue as a going concern in his audit report on our audited financial statements for the year ended June 30, 2010. If we are not able to achieve revenues, then we may not be able to continue as a going concern and our financial condition and business prospects will be adversely affected.

# Because we anticipate our operating expenses will increase prior to our earning revenues, we may never achieve profitability

Prior to completion of our development stage, we anticipate that we will incur increased operating expenses without realizing any revenues. We therefore expect to incur significant losses into the foreseeable future. We recognize that if we are unable to generate significant revenues from our business development, we will not be able to earn profits or continue operations. There is no history upon which to base any assumption as to the likelihood that we will prove successful, and we may not be able to generate any revenues or ever achieve profitability. If we are unsuccessful in addressing these risks, our business will most likely fail.

# Because we have obligations under the Exclusive Distribution Agreement with Wireless Wipes<sup>TM</sup>, we may not be able to meet those obligations, causing our business to fail

According to the Exclusive Distribution Agreement with Wireless Wipes<sup>TM</sup>, annual distribution of a minimum of 20,000 pouches is expected or the agreement becomes null and void. If we were to lose the exclusive distribution rights our business will most likely fail.

# Because our president has only agreed to provide his services on a part-time basis, he may not be able or willing to devote a sufficient amount of time to our business operations, causing our business to fail

Because we are in the development stage of our business, Mr. Guest will not be spending a significant amount of time on our business. Mr. Guest expects to expend approximately 20 hours per week on our business. Competing demands on Mr. Guest's time may lead to a divergence between his interests and the interests of other shareholders. Mr. Guest is a corporate real estate executive and divides his time amongst various projects. None of the work he will be undertaking as a corporate real estate executive will directly compete with Berry Only Inc.

# Because our president owns approximately 50.42% of our outstanding common stock, investors may find that corporate decisions influenced by Mr. Guest are inconsistent with the best interests of other stockholders

Mr. Guest is our president and sole director. He owns approximately 50.42% of the outstanding shares of our common stock as of the date of this prospectus. Accordingly, he will have a significant influence in determining the outcome of all corporate transactions or other matters, including mergers, consolidations and the sale of all or substantially all of our assets, and also the power to prevent or cause a change in control. While we have no current plans with regard to any merger, consolidation or sale of substantially all of its assets, the interests of Mr. Guest may still differ from the interests of other stockholders. Mr. Guest owns 3,000,000 common shares for which he paid \$0.005 per share for 2,000,000 common shares and \$0.01 per share for 1,000,000 common shares.

# Because our President and sole director is a Canadian Resident, difficulty may arise in attempting to effect service or process on him in Canada

Because Mr. Guest our sole director and officer, is a Canadian resident, difficulty may arise in attempting to effect service or process on him in Canada or in enforcing a judgment against Berry Only Inc.'s assets located outside of the United States.

### The success of our business depends on the continued use and growth of the Internet as a commerce platform

The existence and growth of our service depends on the continued acceptance of the Internet as a commerce platform for individuals and enterprises. The internet could possibly lose its viability as a tool to pay for online services by the adoption of new standards and protocols to handle increased demands of Internet activity, security, reliability, cost, ease-of-use, accessibility and quality of service. The acceptance and performance of the Internet has been harmed by "viruses," "worms," and "spy-ware". If for some reason the Internet was no longer widely accepted as a tool to pay for online services, the demand for our service would be significantly reduced, which would harm or cause our business to fail.

# Because we will rely on a third-party for hosting and maintenance of our website, mismanagement or service interruptions could significantly harm our business

Our website will be hosted and maintained by a third party hosting service. Any mismanagement, service interruptions, or damage to the data of our company or our customers, could result in the loss of customers, or other harm to our business.

# Evolving regulation of the Internet may adversely affect us

As Internet commerce continues to evolve there may be increased regulation by federal, state and/or foreign agencies. Any new regulations which restrict our business could harm or cause our business to fail.

### **Risks Related To This Offering**

# If a market for our common stock does not develop, shareholders may be unable to sell their shares

There is currently no market for our common stock and a market may never develop. We currently plan to apply for listing of our common stock on the Over-the-Counter Bulletin Board electronic quotation service upon the effectiveness of the registration statement of which this prospectus forms a part. However, our shares may never be traded on the Over-the-Counter Bulletin Board electronic quotation service or, if traded, a public market may never materialize. If our common stock is not traded on the Over-the-Counter Bulletin Board electronic quotation service or if a public market for our common stock does not develop, investors may not be able to re-sell the shares of our common stock that they have purchased and may lose all of their investment.

# If a market for our common stock develops, our stock price may be volatile

If a market for our common stock develops, we anticipate that the market price of our common stock will be subject to wide fluctuations in response to several factors, including:

- the evolving demand for our service;
- our ability or inability to arrange for financing;
- our ability to manage expenses;
- changes in our pricing policies or our competitors; and
- global economic and political conditions.

Further, if our common stock is traded on the Over-the-Counter Bulletin Board electronic quotation service, our stock price may be impacted by factors that are unrelated or disproportionate to our operating performance. These market fluctuations may adversely affect the market price of our common stock.

# If the selling shareholders sell a large number of shares all at once or in blocks, the market price of our shares would most likely decline

The selling shareholders are offering 2,950,000 shares of our common stock through this prospectus. Our common stock is presently not traded on any market or securities exchange, but should a market develop, shares sold at a price below the current market price at which the common stock is trading will cause that market price to decline. Moreover, the offer or sale of a large number of shares at any price may cause the market price to fall.

### Because our stock is a penny stock, shareholders will be more limited in their ability to sell their stock

The shares offered by this prospectus constitute a penny stock under the Securities and Exchange Act. The shares will remain classified as a penny stock for the foreseeable future. Penny stocks generally are equity securities with a price of less than \$5.00. Broker/dealer practices in connection with transactions in "penny stocks" are regulated by certain penny stock rules adopted by the Securities and Exchange Commission. The penny stock rules require a broker/dealer, prior to a transaction in a penny stock not otherwise exempt from the rules, to deliver a standardized risk disclosure document prepared by the Securities and Exchange Commission that provides information about penny stocks and the nature and level of risks in the penny stock market. The broker/dealer must provide the customer with bid and offer quotations for the penny stock, the compensation of the broker/dealer, and its salesperson in the transaction, and monthly account statements showing the market value of each penny stock held in the customer's account. In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from such rules: the broker/dealer must make a special written determination that a penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. These disclosure requirements may have the effect of price fluctuations in the price of the stock and may reduce the level of trading activity in any secondary market for a stock that becomes subject to the penny stock rules, and accordingly, investors in this offering may find it difficult to sell their securities, if at all.

# **Forward-Looking Statements**

This prospectus contains forward-looking statements that involve risks and uncertainties. We use words such as anticipate, believe, plan, expect, future, intend and similar expressions to identify such forward-looking statements. The actual results could differ materially from our forward-looking statements. Our actual results are most likely to differ materially from those anticipated in these forward-looking statements for many reasons, including the risks faced by us described in this Risk Factors section and elsewhere in this prospectus.

#### **Use of Proceeds**

We will not receive any proceeds from the sale of the common stock offered through this prospectus by the selling shareholders.

### **Determination of Offering Price**

The \$0.01 per share offering price of our common stock was determined arbitrarily by us. There is no relationship whatsoever between this price and our assets, earnings, book value or any other objective criteria of value. We intend to apply to the Over-the-Counter Bulletin Board electronic quotation service for the trading of our common stock upon our becoming a reporting entity under the Securities Exchange Act of 1934 (the "Exchange Act"). If our common stock becomes so traded and a market for the stock develops, the actual price of stock will be determined by prevailing market prices at the time of sale or by private transactions negotiated by the selling shareholders named in this prospectus.

#### Dilution

The common stock to be sold by the selling shareholders is common stock that is currently issued and outstanding. Accordingly, there will be no dilution to our existing shareholders.

#### Selling Shareholders

The selling shareholders named in this prospectus are offering all of the 2,950,000 shares of common stock offered through this prospectus. The selling shareholders acquired the 2,950,000 shares of common stock offered through this prospectus from us at a price of \$0.01 per share in an offering that was exempt from registration under Regulation S of the Securities Act of 1933, as amended (the "Securities Act") and completed on June 30, 2010. We will file with the Securities and Exchange Commission prospectus supplements to specify the names of any successors to the selling shareholders specified in this registration statement who are able to use the prospectus included in this registration statement to resell the shares registered by this registration statement.

The following table provides, as of the date of this prospectus, information regarding the beneficial ownership of our common stock held by each of the selling shareholders, including:

- 1. The number of shares owned by each prior to this offering;
- 2. 3. The total number of shares that are to be offered by each;
- The total number of shares that will be owned by each upon completion of the offering;
- 4. The percentage owned by each upon completion of the offering; and
- 5. The identity of the beneficial holder of any entity that owns the shares.

The named party beneficially owns and has sole voting and investment power over all shares or rights to these shares, unless otherwise shown in the table. The numbers in this table assume that none of the selling shareholders sells shares of common stock not being offered in this prospectus or purchases additional shares of common stock, and assumes that all shares offered are sold.

None of the selling shareholders:

- (1) has had a material relationship with us other than as a shareholder at any time within the past three years; or
- (2) has ever been one of our officers or directors.

# **Plan of Distribution**

The selling shareholders may sell some or all of their common stock in one or more transactions, including block transactions:

- 1. On such public markets as the common stock may from time to time be trading;
- 2. In privately negotiated transactions;
- 3. Through the writing of options on the common stock;
- 4. In short sales; or
- 5. In any combination of these methods of distribution.

The sales price to the public is fixed at \$0.01 per share until such time as the shares of our common stock are traded on the Over-the-Counter Bulletin Board electronic quotation service. Although we intend to apply for trading of our common stock on the Over-the-Counter Bulletin Board electronic quotation service, public trading of our common stock may never materialize. If our common stock becomes traded on the Over-the-Counter Bulletin Board electronic quotation service, then the sales price to the public will vary according to the selling decisions of each selling shareholder and the market for our stock at the time of resale. In these circumstances, the sales price to the public may be:

- 1. The market price of our common stock prevailing at the time of sale;
- 2. A price related to such prevailing market price of our common stock; or
- 3. Such other price as the selling shareholders determine from time to time.

The shares may also be sold in compliance with the Securities and Exchange Commission's rule 144.

We can provide no assurance that all or any of the common stock offered will be sold by the selling shareholders named in this prospectus.

We are bearing all costs relating to the registration of the common stock. The selling shareholders, however, will pay any commissions or other fees payable to brokers or dealers in connection with any sale of the common stock.

The selling shareholders named in this prospectus must comply with the requirements of the Securities Act and the Exchange Act in the offer and sale of the common stock. The selling shareholders and any broker-dealers who execute sales for the selling shareholders may be deemed to be an "underwriter" within the meaning of the Securities Act in connection with such sales. In particular, during such times as the selling shareholders may be deemed to be engaged in a distribution of the common stock, and therefore be considered to be an underwriter, they must comply with applicable law and may, among other things:

- 1. Not engage in any stabilization activities in connection with our common stock;
- 2. Furnish each broker or dealer through which common stock may be offered, such copies of this prospectus, as amended from time to time, as may be required by such broker or dealer; and
- 3. Not bid for or purchase any of our securities or attempt to induce any person to purchase any of our securities other than as permitted under the Exchange Act.

# Nevada Anti-Takeover laws

Nevada revised statutes sections 78.378 to 78.3793 provide state regulation over the acquisition of a controlling interest in certain Nevada corporations unless the articles of incorporation or bylaws of the corporation provide that the provisions of these sections do not apply. Our articles of incorporation and bylaws do not state that these provisions do not apply. The statute creates a number of restrictions on the ability of a person or entity to acquire control of a Nevada company by setting down certain rules of conduct and voting restrictions in any acquisition attempt, among other things. The statute is limited to corporations that are organized in the state of Nevada and that have 200 or more stockholders, at least 100 of whom are stockholders of record and residents of the State of Nevada; and does business in the State of Nevada directly or through an affiliated corporation. Because of these conditions, the statute does not apply to our company.

# **Need For the Product**

Wireless Wipes were designed with two thoughts in mind:

- 1. People use their mobile devices constantly, virtually all day and all night.
- 2. These devices are filled with bacteria which can make them unhealthy if not cleaned and sanitized.

Cell phone subscribers in the Canadian market equal 19.3 million (2007 stat). Mobile devices have proven to be a breeding ground for bacteria and germs. A long list of bacteria that can cause everything from rashes to meningitis and pneumonia can be found on cell phones. The reason is simple: cell phones touch your face, your lips and your hands, then sit in your pocket or purse: two warm places that provide a perfect breeding ground for germs.

The global concern over flu outbreak provides an excellent opportunity to highlight the benefits of regular use of Wireless WipesTM.

# Advantages of Wireless Wipes<sup>TM</sup>

Wireless Wipes are specifically tailored for cell phones, PDAs etc. and several advantageous features have been designed into the product versus other methods of cleaning these devices.

- They kill germs / bacteria.

- They are convenient packaged in a very convenient pouch rather than bulky dispensers or spray bottles accordingly they are very portable and can accompany the owner on their person easily.

# **Manufacturing & Product Fulfilment**

The process from production through to placement on retail shelves is as follows:

**<u>Production.</u>** All aspects of manufacturing have been set up by Wireless Wipes and will occur at the California plant which has been, with all aspects managed by Wireless Wipes, based in New York state.

**Shipment to Canada.** Minimum order size for Berry Only is for 400 pouches, at a cost of US \$560 (US \$1.40). This is a delivered price to a Canadian destination (including shipment directly to a Berry Only customer).

Retail point of sale displays are provided by Wireless Wipes (approximately 5 displays per 400 ordered, or as needed by Berry Only).

# **Pricing strategy**

Retail price points will be selected based on the following:

		Per pouch Basis		
Cost to	Berry Only			
	All in landed cost to Canada	\$1.40	\$US	
		\$1.47	\$Cdn @ 0.95	
Sales S	Scenario 1 - direct to retail chain			
	Price to retail chain (estimate	\$2.00		
	Markup to Berry Only	\$0.53	35.7%	markup
	Retail price - major chain	\$3.50		
	Markup to retailer	\$1.50	75.0%	markup
Sales S	Scenario 2 - to intermediate distri	butor		
	To intermediate distributor	\$2.00		
	Markup to Berry Only	\$0.53	35.7%	markup
	To retail store (estimate)	\$2.75		
	Markup to distributor	\$0.75	37.5%	markup
	Retail price point	\$4.00		
	Markup to retailer	\$1.25	45.5%	markup

- Given relatively low barriers to entry, an exorbitant price point will promote new competition and switching allegiances in short order.
- The nature of the product and the ability to price it from \$3.00 \$4.00 make it a perfect item for impulse point of sale purchases.
- The price point will ensure that all parties in the manufacturing / delivery / retail chain will receive standard returns.

As shown, ultimate retail prices are envisioned at the \$3.50 - \$4.00 level. This compares to the US \$2.95 price in the U.S. market (or about Cdn \$3.10).

Relatively modest markups by Berry Only will help to keep retail prices in Canada from escalating much over domestic U.S. prices, and serve to inhibit future competition once the first mover advantage has been realized.

Product prices will be quite competitive since Berry Only Inc. is buying direct from the manufacturer. Another feature of this relationship which is of significant value to Berry Only Inc., is the willingness of the manufacturer to allow Berry Only Inc. to place orders as small as \$560 US. This will assist Berry Only Inc. in their goal of efficient inventory management and allow Berry Only Inc. to offer competitively priced products that are of the highest quality.

#### **Distribution Agreement with Wireless Wipes**

Berry Only Inc. (the "Distributor") is entered into an exclusive distributorship agreement with Wireless Wipes<sup>TM</sup> (the "Manufacturer"), on June 30, 2010, pursuant to which Berry Only will be appointed as the *exclusive distributor for Canada* by the Manufacturer.

Noteworthy aspects of the agreement are as follows:

- Manufacturer agrees to properly pack all items for shipment. Pricing is FOB Manufacturer's plant.
- Minimum orders of US \$560. Product will be prepaid as agreed by both parties.
- 4 week lead time for all orders.
- Annual distribution of 20,000 pouches is expected or agreement becomes null and void.

Standard language is also contained in the agreement, including those relating to maintenance of appropriate inventories, use of best efforts to sell and vigorously promote the product to dealers, maintaining a place of business, hiring of sales personnel, non-compete (selling other products that compete with Wireless Wipes), mutual cooperation regarding advertising and promotion, manufacturers adjustments for any defective products, and maintenance of financial health. Berry Only has an excellent working relationship with Wireless Wipes (Manufacturer). This agreement forms the basis of all marketing efforts by Berry Only. It is important to understand differences between target markets (who ultimately uses the products), customers (who Berry Only actually sells to), and what the sales strategies are.

# **Target Markets**

Berry Only Inc. will sell products to two customer segments.

- 1. <u>Individual Consumers</u>. The first segment is individual consumers who are purchasing Wireless Wipes<sup>™</sup> for personal use. These individuals are conscious consumers who are looking for quick and convenient ways to safeguard their personal hygiene by keeping personal technology germ-free. Demographics for this group are urban professionals leading a busy, technology saturated lifestyle.
- 2. <u>Institutional Users</u>. This consists of large potential purchasers of Wireless Wipes<sup>™</sup> that have a desire to keep their business equipment as germ free as possible. These include schools, offices, and IT departments.

# Customers

Berry Only will sell to the following types of customers.

- <u>Major hygiene / sanitizing product distributors</u>. This will include distributors that deal in sanitizing products such as Purell (<u>www.purell.com</u>), a major hand sanitizing product that enjoys wide placement throughout Canada. Indications are that they are very interested in also distributing Wireless Wipes expected to in turn will distribute Wireless Wipes<sup>™</sup> in Canada to their customers.
- <u>Major regional cell phone retailers</u>. There are a large number of strong, regional cell phone retailers in each major market area. These can be sourced by simply going to the service providers website (i.e. telus.com, rogers.com) and visit their store locator page. These stores are all independently owned and operated and are largely regionally based. These retailers all aggressively market cell phone accessories and U.S. experience and early efforts in Canada all indicate that these retailers are very interested in selling Wireless Wipes<sup>TM</sup>.

Clearly Mobile						

- National Retailers. These include national chains such as Future Shop, Business Depot, Office Depot, and UPS stores. 7-eleven is an example of a national convenience chain that sells a wide range of accessory products. In addition, general department stores are expected to carry Wireless Wipes.
- Other retailers. There is a range of other retailers that sell cell phone accessories, primarily card products (i.e. pay and talk cards). However, these retailers also sell a range of other accessory products. These include gas stations, hotels, convenience stores, and <u>cafes</u> (i.e. a large number of Starbucks stores sell cell phone cards).

- Online retailers. In the U.S., Wireless Wipes are already sold online, through ebay.com and other retailers. Berry Only will also target online retailers, particularly those that target the Canadian marketplace.
- Retail customers. Berry Only Inc. will actively utilize it's website berryonly.com to sell directly to consumers. Price points (which include shipping) will in no cases be lower than what the consumer can purchase Wireless Wipes for at retail locations and therefore does not pose a threat to its critical central distribution mechanism.

Distribution will be through websites and affiliate programs, retail sales, wholesale distribution to resellers and corporate / institution accounts (hospitals, airports, etc.).

# **Direct Sales Strategy**

- In-house sales staff based in Toronto. Initially, company President David Guest will spearhead this effort out of his Toronto office. Efforts here will target <u>national accounts</u> as well as working with <u>national distributors</u> such as Purell. David is also responsible for <u>organizing independent marketing reps</u> in other geographic areas. <u>Institutional accounts</u> in the Greater Toronto Area (GTA) will be handled out of the head office. As the company grows, these efforts are expected to require the efforts of more than one person and at such time, additional staff would be hired.
- Independent marketing representatives. Efforts here will focus on the regional cell phone dealers and directly to local institutional accounts (hospitals, etc. as mentioned above).
- Use of third party distributors. Third party distributors are obviously expected to utilize their in-house sales personnel to distribute Wireless Wipes to their customers.

A typical "sell sheet" is shown below.

Berry Only will attend major tradeshows, as appropriate (as Wireless Wipes now does to market to its' U.S. customers). One good example is the annual Consumer Electronics Show in Las Vegas (January).

#### Advertising

**Point of sale display**. First and foremost, Wireless Wipes will be attractively displayed at the point of purchase. Virtually every person that purchases items and passes through the check out will stand a very good chance of seeing the product. Its usefulness and low price point will encourage its purchase.

Depending on cost and effectiveness, Berry Only may advertise through local technology magazines.

<u>**Traditional advertising**</u> (i.e. traditional print such as newspapers, magazines, other media) is expected to be minimal, due to the nature of the nature of distribution / customers and nature of marketing (direct sales). Some advertising through local technology magazines is planned.

**Other key strategies**. As with the U.S. experience, a much more techsavvy online advertising strategy will be followed. Berry Only will have the ability to "piggy back" on the efforts already in place being spearheaded by Wireless Wipes. These include:

- Pursuing a variety of <u>public relations</u> activities, including media articles (i.e. providing interesting information to organizations that facilitate news articles).
- Posting online content / articles.
- Getting involved / posting content on online blogs.
- Online search engine optimization strategy.
- All printed material such as brochures, flyers, catalogs, price sheets, packaging, and all product labels will have the URL prominently displayed.
- There will be van and automobile decal wraps with the website and phone throughout each market area.
- Possible use (depending on funding) of use industry portals, online directories, and paid –for advertising partner sites to draw consumers and property owners / managers to the site.

# Website

Berry Only Inc. will actively utilize it's website berryonly.com and include the product in it's catalog as well as information regarding the product and the availability of distributor options. The website will have the following features.

- Educational for the public (presenting a wide variety of interesting content).
- Effective as a sales tool for its customers and as a tool for independent sales reps.
- FAQ
- News articles posted online.
- Information as to where the product is sold.
- Sophisticated graphics design, including coo, mapping features
- Establish reciprocal links.
- Online store with set up of an online payment system via PayPal and major credit card through merchant account.

The website will be maintained bi-weekly with new information. The site will both contain extensive information. However, at all times it will encourage viewers to contact Berry Only for more information in recognition of the basic direct sales strategy is the principal marketing strategy. Berry Only also will seek to establish affiliate programs with online retailers.

Berry Only will continually monitor all its marketing activities to refine its activities and select the most appropriate ones to spend marketing dollars on as they become available.

# Competition

There are essentially two aspects to competition considerations.

- Other types of "wipes". As pointed out in "The Product", there are obviously a number of cleaning and sanitizing products that have been on the market for any number of years. These come in the form of various spray products (i.e. Lysol, etc.) and wipe products. There are several issues with respect to these products, including whether they will scratch the cell phone, whether they contain too much solution and will damage the cell phone, and whether the type of solution will cause other problems. There is also the issue of convenience
- **Direct competition.** There is another product on the market, CleenCell® Wipes (<u>www.cleencell.com</u>), that has been on the market for roughly one year. Very similar claims are made to those of Wireless Wipes<sup>TM</sup>. As stated on their website,
  - o Cleen Cell® Wipes feature a patented formula designed to remove and prevent bacteria build-up on sensitive mobile electronics without damaging the screen or shell of the device.

- Cleen Cell® Singles travel conveniently, providing an on the go solution for on the go devices and lifestyles. Keep them by your desk, in your purse or pocket, or in your car to use when and where needed, then dispose. It's easy to practice good mobile hygiene with Cleen Cell® Wipes.
- o Cleen Cell® Wipes are safe on cell phones because they were designed from the ground up with cell phones in mind. We've been successfully testing and using them on cell phones and laptops for over one year without one complaint and countless thank yous.
- o Cleen Cell® Wipes feature a unique scratch, streak, static and lint-free cloth with special textures that reach to deep clean keypads, hinges, ear and mouthpieces and other hard to reach areas across any mobile device including digital cameras, music players, Bluetooth headsets, and other mobile electronics.
- o The Cleen Cell® disinfecting solution was designed from the ground up specifically with cell phones in mind. After much testing, calibration, and consultation with the medical community we mixed powerful germ fighting ingredients that help prevent germs on cell phones, yet are safe for the inside and outside of compact electronic devices.
- o Cleen Cell® Wipes also work great on your Bluetooth devices, digital cameras, TV remote controls, compact gaming systems, lap tops, keyboards, monitors, and more!

Clicking on the "buy online" tab of their website takes the viewer to the amazon.com website, where the wipes are priced at US \$12.99 for a box which holds 24 individually wrapped wipes. This product is therefore considerably more expensive than Wireless Wipes<sup>TM</sup> (US \$2.95 for a pack which includes 10 wipes). The site states that the item ships from and is sold by Cell Phone Wipes, Inc. Additional information (About Seller) indicates that "Hollywood Creations is the exclusive manufacturer of Cleen Cell® Wipes. Established in 2006, Hollywood Creations is based in West Hollywood, CA."

The Cleen Cell is not available in Canada at this time and Berry Only intends to capitalize on its first mover advantage. It appears that the nature of packaging also makes Cleen Cell more expensive and far less amenable to POS displays (US\$12.99 price point vs. \$3.50 for Wireless Wipes<sup>TM</sup> in Canada).

- **Other.** Other products are emerging, including
  - o "Phone Kleen Pads ",a hospital disinfectant germicidal wipe for telephones and other telecommunications equipment. This disposable wipe kills staph and most germs on hard, non-porous surfaces. This product appears to be distributed by ANTONLINE is one of the nation's leading e-commerce suppliers of consumer electronics and computer equipment. ANTONLINE is proud to Partner with Amazon.com to provide Amazon customers with the finest products and fastest online order fulfilment in the industry. Searches failed to locate an actual website for the manufacturer and it appears that this is a product restricted to online sales only. It is also not a direct competitor to Wireless Wipes<sup>TM</sup>.

o "Fellowes Telephone Cleaning Wipes" (www. <u>www.fellowes.com</u>). 1) Pre-moistened cleaning wipes safely remove dust, dirt, and fingerprints. 2) Non-toxic, anti-static, and alcohol-free 3) Ideal for cleaning phones, headsets, or any equipment that comes in contact with the ear, mouth, or face 4) 100 ct. tub. Their website does not state that it kills germs or is safe for cell phones. Although this product has an attractive price point (US \$11.37 for 100 wipes) it also comes in a relatively unattractive and large plastic "tub" that has virtually no convenience features.

# **U.S. Experience**

Wireless Wipes<sup>TM</sup> was introduced into the U.S. market in early 2008 after two years in development. Manufacturing was secured at a quality facility in California, USA. In less than a year they signed several significant distribution agreements, including:

In an age when every moment matters, Techshowcase stores will provide the business traveler the extraordinary opportunity to put airport dwell time to productive use. Techshowcase 16 airport locations. Airport Wireless 25 airport locations.

There is presently no public market for our common stock. We anticipate making an application for trading of our common stock on the Overthe-Counter Bulletin Board electronic quotation service upon the effectiveness of the registration statement of which this prospectus forms a part. The Securities Exchange Commission has adopted rules that regulate broker-dealer practices in connection with transactions in penny stocks. Penny stocks are generally equity securities with a price of less than \$5.00, other than securities registered on certain national securities exchanges or quoted on the NASDAQ system, provided that current price and volume information with respect to transactions in such securities is provided by the exchange or quotation system. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock, to deliver a standardized risk disclosure document prepared by the Commission, that: (a) contains a description of the nature and level of risk in the market for penny stocks in both public offerings and secondary trading; (b) contains a description of the broker's or dealer's duties to the customer and of the rights and remedies available to the customer with respect to a violation to such duties or other requirements of Securities' laws; (c) contains a brief, clear, narrative description of a dealer market, including bid and ask prices for penny stocks and the significance of the spread between the bid and ask price; (d) contains a toll-free telephone number for inquiries on disciplinary actions; (e) defines significant terms in the disclosure document or in the conduct of trading in penny stocks; and (f) contains such other information and is in such form, including language, type, size and format, as the Commission shall require by rule or regulation.

The broker-dealer also must provide, prior to effecting any transaction in a penny stock, the customer with: (a) bid and offer quotations for the penny stock; (b) the compensation of the broker-dealer and its salesperson in the transaction; (c) the number of shares to which such bid and ask prices apply, or other comparable information relating to the depth and liquidity of the market for such stock; and (d) a monthly account statements showing the market value of each penny stock held in the customer's account.

In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from those rules; the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written acknowledgment of the receipt of a risk disclosure statement, a written agreement to transactions involving penny stocks, and a signed and dated copy of a written suitably statement.

Berry Only Inc. is subject to the penny stock rules, and disclosure requirements may have the effect of reducing the trading activity in the secondary market for our stock and stockholders may have difficulty selling those securities.

# Holders of Our Common Stock

As of the date of this Registration Statement, we had thirty four (34) shareholders of record.

# **Rule 144 Shares**

None of our common stock is currently available for resale to the public under Rule 144. In general, under Rule 144 as currently in effect, a person who has beneficially owned shares of a company's common stock for at least 180 days is entitled to sell his or her shares. However, Rule 144 is not available to shareholders for at least one year subsequent to an issuer that previously met the definition of Rule 144(i)(1)(i) having publicly filed, on Form 8K, the information required by Form 10.

As of the date of this prospectus, no selling shareholder has held their shares for more than 180 days and it has not been at least one year since the company filed the Form 10 Information on Form 8K as contemplated by Rule 144(i)(2) and (3). Sales under Rule 144 are also subject to manner of sale provisions and notice requirements and to the availability of current public information about the company.

#### **Stock Option Grants**

To date, we have not granted any stock options.

#### **Registration Rights**

We have not granted registration rights to the selling shareholders or to any other persons.

We are paying the expenses of the offering because we seek to: (i) become a reporting company with the Commission under the Securities Exchange Act of 1934; and (ii) enable our common stock to be traded on the NASD over-the-counter bulletin board. We plan to file a Form 8-A registration statement with the Commission to cause us to become a reporting company with the Commission under the 1934 Act. We must be a reporting company under the 1934 Act in order that our common stock is eligible for trading on the NASD over-the-counter bulletin board. We believe that the registration of the resale of shares on behalf of existing shareholders may facilitate the development of a public market in our common stock if our common stock is approved for trading on a recognized market for the trading of securities in the United States.

We consider that the development of a public market for our common stock will make an investment in our common stock more attractive to future investors. In the near future, in order for us to continue with our mineral exploration program, we will need to raise additional capital. We believe that obtaining reporting company status under the 1934 Act and trading on the OTCBB should increase our ability to raise these additional funds from investors.

I conducted my audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion the financial statements referred to above present fairly, in all material respects, the financial position of Berry only Inc. as of June 30, 2010 and 2009 and the results of its operations and its cash flows for the year and period then ended in conformity with United States generally accepted accounting principles.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. As discussed in Note 3 to the financial statements, the Company has no revenue and incurred a loss in its initial year. This raises substantive doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Company has determined that it is not required to have, nor was I engaged to perform, an audit of the effectiveness of its documented internal controls over financial reporting.

# **BERRY ONLY INC.**

### NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2010 (Expressed in US Dollars)

# NOTE 1 ORGANIZATION

Berry Only Inc. ("the Company") was incorporated in the State of Nevada on June 24, 2009. The Company was incorporated for the purpose of marketing and distributing a sanitizing product for mobile phones and other mobile devices.

# NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Cash and cash equivalents

The Company considers all liquid investments with a maturity of three months or less from the date of purchase that are readily convertible into cash to be cash equivalents.

# Property & Equipment

Capital assets are stated at cost. Depreciation of equipment is provided using the straight-line method over the estimated useful lives of the assets. Expenditures for maintenance and repairs are charged to expense as incurred. The Company did not have any property & equipment at June 30, 2010 and 2009.

# Long-lived assets

The Company accounts for long-lived assets under the FASB (Financial Accounting Standards Board) ASC (Accounting Standard Codification) 340-10 *Other Assets and Deferred Costs*, (SFAS 142 and 144: "*Accounting for Goodwill and Other Intangible Assets*" and "*Accounting for Impairment or Disposal of Long-Lived Assets*"). In accordance with ASC 340-10, long-lived assets, goodwill and certain identifiable intangible assets held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset will not be recoverable. For purposes of evaluating the recoverability of long--lived assets, goodwill and intangible assets, the recoverability test is performed using undiscounted net cash flows related to the long-lived assets. Impairment of experimental water clarification equipment is calculated based on its estimated useful life.

# Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Income Taxes

The Company utilizes FASB ACS 740, "*Income Taxes*," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the tax basis of assets and liabilities and their financial reporting amounts based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax credit through net operating loss carryforward. However, a valuation allowance of 100% has been established.

# Foreign Currency Translation

In accordance with FASB ASC 830-20 *Foreign Currency Transactions*, (SFAS No. 52 "*Foreign Currency Translation*"), the Company has determined that its functional currency is the United States Dollar. The Company recorded a foreign currency loss of \$ 9.00 in the year ended June 30,2010. Exchange differences since inception are accumulated as a component of accumulated other comprehensive gain (loss).

# Comprehensive Income (Loss)

Comprehensive income or loss encompasses net income or loss and "other comprehensive income or loss", which includes all other non-owner transactions and events that change shareholders' equity/deficiency. The Company's other comprehensive gain reflects the effect of foreign currency translation adjustments on the translation of the financial statements from the functional currency of Canadian dollars into the reporting currency of U.S. dollars.

# Fair Value of Financial Instruments

The Financial Accounting Standards Board issued ASC (Accounting Standards Codification) 820-10 (SFAS No. 157), "*Fair Value Measurements and Disclosures*" for financial assets and liabilities. ASC 820-10 provides a framework for measuring fair value and requires expanded disclosures regarding fair value measurements. FASB ASC 820-10 defines fair value as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs, where available. The following summarizes the three levels of inputs required by the standard that the Company uses to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities
- Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the related assets or liabilities.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The carrying amounts of the Company's financial instruments as of June 30, 2010, reflect

Cash: Level One measurement based on bank reporting.

#### **Basic and Diluted Earnings Per Share**

Net loss per share is calculated in accordance with FASB ASC 260, *Earnings Per Share*, for the period presented. ASC 260 requires presentation of basic earnings per share and diluted earnings per share. Basic income (loss) per share ("Basic EPS") is computed by dividing net loss available to common stockholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share ("Diluted EPS") is similarly calculated. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period. As at June 30, 2010, there were no potentially dilutive securities

The following is a reconciliation of the numerators and denominators of the basic and diluted earnings per share computations for the three months ended June 30, 2010 and 2009:

	2010	2009	)
Numerator:			
Basic and diluted net loss per share:			
Net Loss	\$ (5,591) \$	\$	(0)
Denominator:			
Basic and diluted weighted average number of shares outstanding	2,489,583		0
Basic and Diluted Net Loss Per Share:	\$ (0.002) \$	\$ (	0.000)

#### **Revenue Recognition**

The Company's revenue recognition policies are in compliance with ASC 605-13 (Staff accounting bulletin (SAB) 104). Sales revenue is recognized at the date of shipment to customers when a formal arrangement exists, the price is fixed or determinable, the delivery is completed, no other significant obligations of the Company exist and collectibility is reasonably assured. There were no sales in the fiscal years ended December 31, 2010 and 2009

### **Recent Accounting Pronouncements**

In May 2009, the FASB issued ASC 855 (SFAS No. 165), "*Subsequent Events*". ASC 855 sets forth the period after the balance sheet date through the date the financial statements were filed during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements, and the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. ASC 855 (SFAS 165) was effective for interim or annual periods ending after June 15, 2009. The Company does not anticipate the adoption of ACS 165 will have an impact on its consolidated results of operations or financial position.

In June, 2009, the FASB issued their final SFAS, No. 168, "*FASB Accounting Standards Codification*", ("ASC"), *and the Hierarchy of Generally Accepted Accounting Principles*". This was reflected in the codification as FASB ASC 105, *Generally Accepted Accounting Principles*. "ASC" is the single source of authoritative US generally accepted accounting principles recognized by the FASB to be applied to nongovernmental entities. It is effective for financial statements issued for interim and annual periods ending after September 15, 2009. It will not have an impact on the Company's financial position, results of operations or cash flows.

# NOTE 3 UNCERTAINTY OF ABILITY TO CONTINUE AS A GOING CONCERN

The Company's financial statements are prepared using the generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. However, the Company has not generated any revenue and has incurred a loss of \$5,582 in its initial year.

In view of the matters described above, recoverability of a major portion of the recorded asset amounts shown in the accompanying balance sheets is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to raise additional capital, obtain financing and to succeed in its future operations. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Management has taken the following steps to revise its operating and financial requirements, which it believes are sufficient to provide the Company with the ability to continue as a going concern. The Company pursued funding through sale of stock. It has pursued a dealership agreement for its intended product, the marketing and sales of which is anticipated to be profitable. Management believes that the above actions will allow the Company to continue operations through the next fiscal year.

# NOTE 7 SUBSEQUENT EVENTS

Events subsequent to June 30, 2010 have been evaluated through August 16, 2010, the date these statements were available to be issued, to determine whether they should be disclosed to keep the financial statements from being misleading. Management found the following subsequent event to be disclosed:

On July 8, 2010 the Company signed an exclusive dealership agreement with Wireless Wipes, a New York corporation that manufactures a sanitizing wipe used to clean cell phones and other mobile devices. The agreement grants the Company the exclusive right to purchase, inventory, promote and resell the product within Canada under certain minimum order rules.

### **Off-Balance Sheet Arrangements**

We have no significant off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to stockholders.

### **Results of Operations for Fiscal Year Ending June 30, 2010**

We did not earn any revenues from inception through the period ending June 30, 2010. We do not anticipate earning revenues until such time as we have begun operations on our website. We are presently in the start-up phase of our business and we can provide no assurance that we will attain sufficient business on our website to attain profitability.

We incurred operating expenses in the amount of \$5,582 from inception on June 24, 2009 through the period ended June 30, 2010. These operating expenses included the research and the preparation of our business plan in addition to administrative expenses. We anticipate our operating expenses will increase as we undertake our plan of operations. The increase will be attributed to costs associated with setting up and maintaining our website, and the professional fees to be incurred in connection with the filing of a registration statement with the Securities Exchange Commission under the Securities Act of 1933. We anticipate our ongoing operating expenses will also increase once we become a reporting company under the Securities Exchange Act of 1934.

# Liquidity and Capital Resources

As of June 30, 2010, we had cash of \$44,561 and operating capital of \$43,909.

We have not attained profitable operations and are dependent upon obtaining financing to pursue significant development activities beyond those planned for the current fiscal year. For these reasons, our auditors stated in their report that they have substantial doubt we will be able to continue as a going concern.

# Changes in and Disagreements with Accountants

We have had no changes in or disagreements with our accountants.

The following table sets forth, as of August 17, 2010, the beneficial ownership of our common stock by each executive officer and director, by each person known by us to beneficially own more than 5% of the our common stock and by the executive officers and directors as a group. Except as otherwise indicated, all shares are owned directly and the percentage shown is based on 5,950,000 shares of common stock issued and outstanding on August 17, 2010.

Title of class	Name and address of beneficial owner	Amount of beneficial ownership	Percent of class*
Common	David Guest 722B Kingston Rd Toronto, ON M4E 1R7	3,000,000	50.42%
Common	Total all executive officers and directors	3,000,000	50.42%
Common	5% Shareholders None		

As used in this table, "beneficial ownership" means the sole or shared power to vote, or to direct the voting of, a security, or the sole or shared investment power with respect to a security (i.e., the power to dispose of, or to direct the disposition of, a security). In addition, for purposes of this table, a person is deemed, as of any date, to have "beneficial ownership" of any security that such person has the right to acquire within 60 days after such date.

The persons named above have full voting and investment power with respect to the shares indicated. Accordingly, more than one person may be deemed to be a beneficial owner of the same security. A person is also deemed to be a beneficial owner of any security, which that person has the right to acquire within 60 days, such as options or warrants to purchase our common stock.

# Disclosure of Commission Position of Indemnification for Securities Act Liabilities

In accordance with the provisions in our articles of incorporation, we will indemnify an officer, director, or former officer or director, to the full extent permitted by law.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such

liabilities (other than the payment by us of expenses incurred or paid by a director, officer or controlling person of us in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

# Item 14. Indemnification of Directors and Officers

Our officers and directors are indemnified as provided by the Nevada Revised Statutes and our bylaws.

Under the governing Nevada statutes, director immunity from liability to a company or its shareholders for monetary liabilities applies automatically unless it is specifically limited by a company's articles of incorporation. Our articles of incorporation do not contain any limiting language regarding director immunity from liability. Excepted from this immunity are:

- 1. a willful failure to deal fairly with the company or its shareholders in connection with a matter in which the director has a material conflict of interest;
- 2. a violation of criminal law (unless the director had reasonable cause to believe that his or her conduct was lawful or no reasonable cause to believe that his or her conduct was unlawful);
- 3. a transaction from which the director derived an improper personal profit; and
- 4. willful misconduct.

Our bylaws provide that we will indemnify our directors and officers to the fullest extent not prohibited by Nevada law; provided, however, that we may modify the extent of such indemnification by individual contracts with our directors and officers; and, provided, further, that we shall not be required to indemnify any director or officer in connection with any proceeding (or part thereof) initiated by such person unless:

- 1. such indemnification is expressly required to be made by law;
- 2. the proceeding was authorized by our Board of Directors;
- 3. such indemnification is provided by us, in our sole discretion, pursuant to the powers vested in us under Nevada law; or;
- 4. such indemnification is required to be made pursuant to the bylaws.

Our bylaws provide that we will advance to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was a director or officer, of the company, or is or was serving at the request of the company as a director or executive officer of another company, partnership, joint venture, trust or other enterprise, prior to the final disposition of the proceeding, promptly following request therefore, all expenses incurred by any director or officer in connection with such proceeding upon receipt of an undertaking by or on behalf of such person to repay said amounts if it should be determined ultimately that such person is not entitled to be indemnified under our bylaws or otherwise.

Our bylaws provide that no advance shall be made by us to an officer of the company, except by reason of the fact that such officer is or was a director of the company in which event this paragraph shall not apply, in any action, suit or proceeding, whether civil, criminal, administrative or investigative, if a determination is reasonably and promptly made: (a) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to the proceeding, or (b) if such quorum is not obtainable, or, even if obtainable, a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, that the facts known to the decision-making party at the time such determination is made demonstrate clearly and convincingly that such person acted in bad faith or in a manner that such person did not believe to be in or not opposed to the best interests of the company.

Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was part of the registration statement or prospectus that was p

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of securities: The undersigned registrant undertakes that in a primary offering of securities of the registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered

In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-1 and authorized this registration statement to be signed on its behalf by the undersigned, in Toronto, Ontario, Canada, on August 17, 2010.

certificates, it cannot act as registrar of its own stock, but its transfer agent and registrar may be identical if the institution acting in those dual capacities countersigns or otherwise authenticates any stock certificates in both capacities. If any officer who has signed or whose facsimile signature has been placed upon such certificate, shall have ceased to be such officer before such certificate is issued, it may be issued by the Corporation with the same effect as if he were such officer at the date of its issue.

- c) If the Corporation issued uncertificated shares as provided for in these Bylaws, within a reasonable time after the issuance or transfer of such uncertificated shares, and at least annually thereafter, the Corporation shall send the shareholder a written statement certifying the number of shares owned by such shareholder in the Corporation.
- d) Except as otherwise provided by law, the rights and obligations of the holders of uncertificated shares and the rights and obligations of the holders of certificates representing shares of the same class and series shall be identical.
- e) If a share certificate:
  - (i) is worn out or defaced, the Directors shall, upon production to them of the certificate and upon such other terms, if any, as they may think fit, order the certificate to be cancelled and issue a new certificate;
  - (ii) is lost, stolen or destroyed, then upon proof being given to the satisfaction of the Directors and upon and indemnity, if any being given, as the Directors think adequate, the Directors shall issue a new certificate; or
  - (iii) represents more than one share and the registered owner surrenders it to the Corporation with a written request that the Corporation issue in his or her name two or more certificates, each representing a specified number of shares and in the aggregate representing the same number of shares as the certificate so surrendered, the Corporation shall cancel the certificate so surrendered and issue new certificates in accordance with such request.

# Section 2 - Transfers of Shares

- a) Transfers or registration of transfers of shares of the Corporation shall be made on the stock transfer books of the Corporation by the registered holder thereof, or by his or her attorney duly authorized by a written power of attorney; and in the case of shares represented by certificates, only after the surrender to the Corporation of the certificates representing such shares with such shares properly endorsed, with such evidence of the authenticity of such endorsement, transfer, authorization and other matters as the Corporation may reasonably require, and the payment of all stock transfer taxes due thereon.
- b) The Corporation shall be entitled to treat the holder of record of any share or shares as the absolute owner thereof for all purposes and, accordingly, shall not be bound to recognize any legal, equitable or other claim to, or interest in, such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise expressly provided by law.

c) While the Corporation is not a reporting issuer or has not filed a registration statement no share or security (other than a non-convertible debt security) may be sold, transferred or otherwise disposed of without the consent of the directors and the directors are not required to give any reason for refusing to consent to any such sale, transfer or other disposition.

### Section 3 - Record Date

- a) The Directors may fix in advance a date, which must not be more than 60 days permitted by the preceding the date of a meeting of shareholders or a class of shareholders, or of the payment of a dividend or of the proposed taking of any other proper action requiring the determination of shareholders as the record date for the determination of the shareholders entitled to notice of, or to attend and vote at, a meeting and an adjournment of the meeting, or entitled to receive payment of a dividend or for any other proper purpose and, in such case, notwithstanding anything in these Bylaws, only shareholders of records on the date so fixed will be deemed to be the shareholders for the purposes of this Bylaw.
- b) Where no record date is so fixed for the determination of shareholders as provided in the preceding Bylaw, the date on which the notice is mailed or on which the resolution declaring the dividend is adopted, as the case may be, is the record date for such determination.

### Section 4 - Fractional Shares

Notwithstanding anything else in these Bylaws, the Corporation, if the Directors so resolve, will not be required to issue fractional shares in connection with an amalgamation, consolidation, exchange or conversion. At the discretion of the Directors, fractional interests in shares may be rounded to the nearest whole number, with fractions of 1/2 being rounded to the next highest whole number, or may be purchased for cancellation by the Corporation for such consideration as the Directors determine. The Directors may determine the manner in which fractional interests in shares are to be transferred and delivered to the Corporation in exchange for consideration and a determination so made is binding upon all shareholders of the Corporation. In case shareholders having fractional interests in shares fail to deliver them to the Corporation in accordance with a determination made by the Directors, the Corporation may deposit with the Corporation's Registrar and Transfer Agent a sum sufficient to pay the consideration payable by the Corporation for the fractional interests in shares, such deposit to be set aside in trust for such shareholders. Such setting aside is deemed to be payment to such shareholders for the fractional interests in shares not so delivered which will thereupon not be considered as outstanding and such shareholders will not be considered to be shareholders of the Corporation with respect thereto and will have no right except to receive payment of the money so set aside and deposited upon delivery of the certificates for the shares held prior to the amalgamation, consolidation, exchange or conversion which result in fractional interests in shares.
